

Medical Jobs

Provider

Volunteer Providers are MDs, DOs and NPs who hold patient appointments during scheduled clinic sessions.

Intake/Discharge

Intake volunteers are RNs, EMTs, MAs, and Med Techs who take vital signs and check meds.

Discharge volunteers are licensed MDs, DOs, NPs and RNs who review the medical visit with the patient, check medications, and talk about vaccines.

Pharmacy

Pharmacy Assistants are non-licensed and do administrative work in the pharmacy.

Pharmacy Techs are licensed or in-training and help fill prescriptions.

Vaccines/Labs

Vaccine volunteers are licensed RNs who administer vaccinations.

Labs volunteers are RNs or trained lab techs who process pap smears and draw blood.

Physical Therapy

Physical Therapists teach patients how to prevent/manage their condition with individual treatment plans.

Counselor/Group Facilitator

Counselors work with individual patients in counseling sessions to improve mental health.

Group Facilitators work with groups of patients to guide discussion and counseling sessions.

Non-Medical Jobs

Exam Room Coordinator

Exam Room Coordinators facilitate the flow of patients and charts between the waiting area, in-take, nurses and providers.

Eligibility Screener

Eligibility Screeners verify income and residency information for new and renewing patients.

Scribe

Scribes are proficient in using the computer, and data-enter patient visits into the EMR.

Reception

Reception volunteers greet patients in the waiting room and check them into the scheduling system on the computer.

Interpreter

Interpreters translate for patients and providers during medical appointments.

Appointments & Referrals

Appointments & Referrals volunteers are proficient in using the computer, and review the medical visit, print out referrals and make future medical appointments.

Patient Educator

Patient Educators teach sessions on breast health and breast self-exams.

Exercise Instructor

Exercise Instructors teach yoga and zumba classes for patients.

Administrative

Admin volunteers fulfill a variety of clinical and non-clinical administrative functions.
