

## Awards

Congratulations to **Kay Nassetta**, winner of the **2021 Arlington Community Foundation Spirit of Volunteerism Award!** Kay has been a strong, steady fixture in AFC's Thursday Afternoon Clinic for over 20 years. Together with Virginia Hospital Center - where she's been volunteering for over 43 years - AFC nominated her for this well-deserved honor!

Congratulations to **Kate Nadeau**, this year's recipient of the **Volunteer Arlington Award!** This award, presented by Volunteer Arlington and the Leadership Center for Excellence, recognizes an individual working in volunteer engagement who excels in leadership, visionary thinking, ethics, and a genuine passion for the needs and goals of the organization.

Although we've all adapted our work and lives in response to the pandemic, no one's job has changed as much or required as much as Kate's. She reengineered the work of ALL of our volunteers which has allowed us to continue to provide care to our patients throughout the pandemic. She's been key to the success of our telehealth program. She recruited and trained a great group of new volunteers to make our vaccination clinics possible. And she developed a new scribe program as part of our transition to a new electronic health record.

**Charity Navigator**, the nation's largest charity evaluator, once again awarded AFC its top rating of 4 stars for financial health, accountability, and transparency. Only 7% of the organizations evaluated by Charity Navigator have received at least seven consecutive 4-star evaluations.
